

USA – 1st World Tech, 3rd World Intel:

Why DOGE can Solve this Problem (if given the chance)

Former America National Security Advisor Mike Waltz confirmed subservience to Israel, means that Israeli capture of US intel agencies is alive and well.

This was a person with access to top intel from various American intelligence/spy agencies, yet nevertheless was mesmerised by Israel's 'much deeper knowledge about security issues affecting USA'.

Then there was the blatant carelessness regarding security awareness, that even most intel chiefs in the 3rd world would never be caught doing.

Washington Post: "Members of President Donald Trump's National Security Council have conducted government business over personal Gmail accounts."

During White House meeting, Michael G. Waltz left his device's TM SGNL - an Israeli-modified version of Signal App - on 'for everyone to see that he now uses the un-hackable Israeli-made app'.

Because Israelis told him it was un-hackable - then they hacked it.

To mock the United States of America.

While all this was happening, where were NSA security experts?

How can top officials in USA intel/spy/security sector be so inept?

PROBLEM: These security lapses affects every individual on earth.

Because US foreign policy - that is based on reports from intelligence/spy agencies - affects us all.

How can DOGE staff solve this problem, and restore American intel agencies' credibility to the very top among elite spy agencies globally?

DOGE men & women have 2 advantages that most agents in US intel sector do not have:

DOGE people have not gone through ADL 'training'.

They have not gone through DEI 'training'.

Therefore, they have not undergone antisemitism & DEI brainwashing 'pep talk'.

ADL is a fifth column in America, for the benefit of Israel.

These fifth columnists 'train' most elite US intel/security agents on 'antisemitism'.

"ADL Trains Law Enforcement Commanders from Across USA on the Latest Extremist and Terrorist Threats": <https://dc.adl.org/news/adl-trains-law-enforcement-commanders-from-across-the-country-on-the-latest-extremist-and-terrorist-threats-2/>

"Massachusetts Law Enforcement Executives Train with Their Israeli Counterparts":

<https://newengland.adl.org/news/ma-law-enforcement-executives-train-with-their-israeli-counterparts/>

Search for any top US intel/security agency, and you will find that their agents have undergone 'training' by ADL (but some US spy agencies do not have details of their training online, as expected, but their agents confirm they had 'ADL training').

What this ADL training does is that, if a US security agent's analysis of intel reports tends to point to Mossad (or other Israeli security agencies) as the culprits, he remembers such a thought is 'antisemitic'.

He cannot pursue that theory, regardless of how credible it is.

Israeli government & security officials naturally take advantage of this situation, to bombard their American counterparts with information about 'terror plots', 'Iranian anti-American schemes' etc.

Their American counterparts are not allowed to think, "wait a minute, how can you know all this information, unless your men are some of the masterminds behind these plots?"

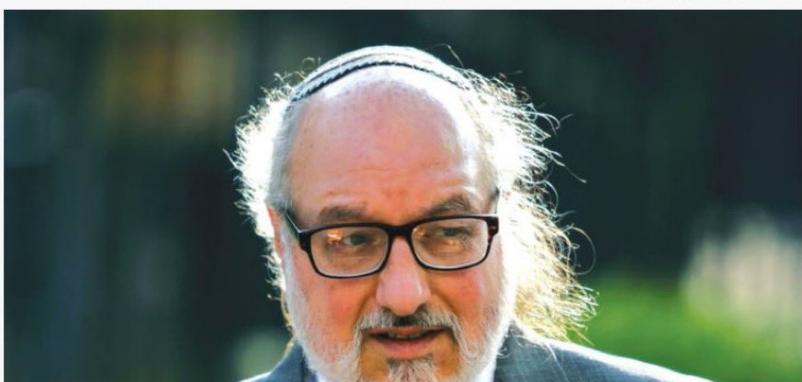

Because that would make the American a 'hater', as taught by ADL.

Pollard: Jews 'will always have dual loyalty' & should consider spying for Israel

"If you're outside Israel, then you live in a society in which you are basically considered unreliable," he said.

How Mossad operates - enabling Israel to fool the whole world

In an interview with CNN-TURK last year, former Iranian President Mahmoud Ahmadinejad revealed that: "Head of a secret Iranian unit tasked with countering Israeli espionage was [discovered to be] an Israeli agent." <https://x.com/AllOddsMobile/status/1841134516867645501>

Iran intelligence minister Ali Younesi: "Mossad has infiltrated many government departments in the last 10 years, to such a degree that all the country's top officials should fear for their lives".

During the time when a Mossad mole was director of a major Iranian spy agency, Mossad gave a tip to Kenyan intelligence agency (NIS), about 2 Iranian agents who were in the country to carry out a terrorist attack (against Israeli assets in the country).

The 2 Iranians were caught red-handed with bomb-making material.

They were arrested, charged in court, convicted and jailed.

If there was a vote at UN about declaring Iran a 'state sponsor of terrorism', how would Kenya have voted?

Yet, the men were most likely sent on that mission by their Mossad-mole boss.

What are the 2 most famous cases of Americans spying for Israel?

The two most famous cases of Americans spying for Israel are those of Jonathan Pollard and Ben-Ami Kadish.

- **Jonathan Pollard:** A U.S. Navy intelligence analyst, Pollard was convicted in 1987 for passing vast amounts of classified information to Israel from 1984 to 1985. He provided Israel with top-secret documents, including details on U.S. intelligence-gathering methods, Arab and Pakistani nuclear programs, and Soviet military capabilities. Arrested after attempting to seek asylum at the Israeli embassy, he pleaded guilty to espionage and was sentenced to life in prison. Pollard's case sparked significant controversy due to the scale of the breach and his motivations, which he claimed were ideological, though prosecutors emphasized financial incentives. He was paroled in 2015 and moved to Israel in 2020. 
- **Ben-Ami Kadish:** A former civilian employee at the U.S. Army's arsenal in New Jersey, Kadish was indicted in 2008 for allegedly spying for Israel from 1979 to 1985. He was accused of passing classified documents, including information on nuclear weapons, jet fighter systems, and Patriot missiles, to an Israeli handler, reportedly the same individual who worked with Pollard. Kadish's case garnered less attention, partly because he was not prosecuted due to the statute of limitations and his advanced age, but it underscored concerns about Israeli espionage in the U.S. 

These cases are notable for their impact on U.S.-Israel relations and the public debate over espionage by a close ally.

Jonathan Pollard: Pollard was born in Galveston, Texas, to a Jewish-American family. His parents, Morris and Mildred Pollard, were not Israeli citizens, and there are no widely documented direct family ties to Israel in terms of citizenship or residency. Pollard's connection to Israel was ideological, rooted in his Jewish identity and Zionist beliefs. He expressed a strong personal commitment to Israel's security, which he cited as a primary motivation for his espionage. There is no evidence that his immediate family had direct ties to Israel or were involved in his activities.

Ben-Ami Kadish: Kadish was born in Connecticut to Jewish parents who had immigrated from Russia. Like Pollard, Kadish's connection to Israel was primarily ideological rather than familial. He identified strongly with Israel as a Jewish state, and his espionage activities were driven by a desire to aid its defense capabilities. There are no public records indicating that Kadish or his immediate family held Israeli citizenship or had direct familial connections to Israel, such as relatives living there.

If DOGE is allowed to run USA Intel agencies for just 6 months (analysts/engineers/experts-on-various-fields)

Israeli control of USA intel agencies would come to an abrupt end.

Hundreds of millions of people around the world, who are under constant Mossad terror, would breathe again.

EXAMPLES of possible myths that DOGE would expose:

(a). They would correctly report that Israeli obsession with 'Iran seeking nuclear weapons', has always been a plot to control the US government.

They would report that, even if, theoretically, Iran had nuclear weapons, chances that they would attack Israel first, were nil.

Because of reasons that are too obvious.

(b). They would report that, the reason Israel has such top intel about terror groups, is because these groups are funded and trained by Mossad.

Additionally, these terror groups are controlled by Mossad moles embedded therein.

ROSENBERGS DIE

Pair Executed for Atom Spying

END OF TRAIL—Summons to death in electric chair came swiftly for Atom Spies Julius and Ethel Rosenberg after stay was revoked and clemency was refused.

Supreme Court and
Eisenhower Reject
Couple's Last Pleas

OSSINING, N.Y., June 19—Atom Spies Julius and Ethel Rosenberg died in Sing Sing Prison's electric chair shortly before sundown today. The executions followed quickly after the Supreme Court set aside a stay of execution granted Wednesday by Justice William O. Douglas and President Eisenhower's refusal to grant them clemency.

SING SING PRISON, N.Y., June 19 (UPI)—Atom Spies Julius and Ethel Rosenberg were ordered electrocuted late today for betraying their country's secrets to Russia and threatening the lives of millions by bringing the world closer to an atomic war.

The Justice Department set the time for the doomed couple's death in Sing Sing Prison's electric chair after a day of suspense in which the U.S. Supreme Court denied their final appeals and President Eisenhower again refused executive clemency.

Warden Wilfred Denno announced first the husband and wife espionage team would be put to death in the gray-walled prison's death chamber "before sundown," which comes at 8:20 p.m. (5:30 PDT) today at Sing Sing.

Later he said the first execution would come at 8 p.m. EDT, with the second a few minutes later.

Speed Time Together

The Jewish Sabbath starts at sundown, and the plans to execute the couple before that time, instead of at the traditional 11 p.m., were announced after the prison rabbi said he would ask the Rosenbergs if they wanted to request a delay until tomorrow night.

The Rosenbergs spent their last afternoon together and then ate a dinner of regular prison fare—hard-boiled

The BOMBSHELLS that DOGE would expose about Israeli govt criminal behaviour, using Mossad

1. DOGE would report that, most Arab countries are currently ruled by Mossad moles.

That is why there are so many Arabs in the Western world - and they cannot go back home, since their countries are being ruled by pro-Israel Mossad impostors, who wouldn't want them to return, for they might expose their treachery.

Also, the fact that Middle Eastern govts have stood by and watched total destruction of Gaza by IDF, without doing anything about it, is because the leaders are inwardly supportive of what Israel is doing to Palestinians.

2. DOGE would report that, many African countries are currently politically unstable, as locally-based Mossad moles seek to take over govt, as their Arab counterparts have done.

They would give the example of Kenya, where a Mossad mole - 'Farouk Kibet' - is the 2nd most powerful person in the country. <https://x.com/AllOddsMobile/status/1916537754563014870>

3. DOGE would report that, the mass migration to the West, by people from Africa, Middle East, Latin America and Asia, is 100% engineered by Mossad.

They would also report that, the so-called enemy of Israel - George Soros - has been working with Mossad and ADL for decades, to weaken Western countries, through sponsoring of pro-crime Attorney Generals and Judges, and also to push mass migration to USA/Europe/West.

But, will DOGE (or a similar unencumbered entity) be given the opportunity to save America and the world?
